We will tell you when we will make the first payment and how much it will be for.

We will tell you if the amount we pay into the account is going to change.

Finding out how much we have paid into the account

You can check your payments on account statements. The statements may show your National Insurance (NI) number next to any payments we have made. If you think a payment is wrong, get in touch with the office that pays you straight away.

If we pay you too much money

If we pay you too much money we have the right to take back any money we pay that you are not entitled to. This may be because of the way the payment system works.

For example, you may give us some information which means you are entitled to less money. Sometimes we may not be able to change the amount we have already paid you. This means we will have paid you money that you are not entitled to.

We will contact you before we take back any money.

What to do now

 - agree that we will pay you into an account, and
